Notice for Publication.

LAND OFFICE AT PRESCOTT, ARIZONA, }
January 8th, 1887.

NOTICE is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Register and Receiver of the U. S. Land Office at Prescott, Arizona, on February 14th, 1887, viz: Thomas H. Jones, of Williams, A. T., for his Homestead Application No. 260 for the E 1/4 and S W 1/4 of N W 1/4 and N E 1/4 of S W 1/4 of Sec. 10, Township 21, N. R. 2, E.

He names the following witnesses to prove his continuous residence upon, and cultivation of, said land, viz: John A. M. Cracker, F. R. Nellis, Arthur Armstrong, A. C. Armstrong, all of Williams, Arizona.

CHAMPION

DOUBLE

Number 2, \$2.50 Each.

Number 9, \$3.50 Each.

This Cincha has taken the lead over all others where once used. With a single cincha too much pressure has to be used to keep the saddle in place. In a wide Cincha the edges are often loose while the middle is tight. The use of two separate Cinchas is also objectionable, one is liable to be drawn tighter than the other. The loose one usually acts as an irritant to the animal, slipping in a short time through the exercise, and moving forward or backward. By the use of such Cinchas the animal is frequently ruined by kidney lumps and other diseases.

The best Cincha is the Patent Cow Boy Cincha. It is joined and fastened to fit the belly of the horse, so that the pressure will be equal both in length and breadth. In addition to this, it is easily tightened, the Latigo strap from the saddle running lightly over the roller in the ring on the Cincha. This roller in itself does admirable service. Rust does not affect the rings as they are galvanized.

A GREAT OFFER.

The Cincha No. 2, is offered with one year's subscription to the CHAMPION for \$5.50 and No. 9, for \$6.50. This patent No. 2 cincha, the best ever invented, is actually offered for \$1.50 above the price of the subscription to the CHAMPION.

Price of the Cincha without subscription to the CHAMPION is, No. 2, \$2.50; No. 9, \$3.50.

Call at the Office of the CHAMPION And See the Samples.

Orders by mail will receive prompt attention and the Cincha will be mailed in a registered letter to any Post Office. No. 2 for 35 cents extra; No. 9 for 45 cents extra.

Address, CHAMPION OFFICE, Flagstaff, Arizona.

A NEW START For 1887.

THE CHAMPION CLUB LIST.

Subscribers to the CHAMPION can obtain with that newspaper the following publications, postage prepaid, for yearly subscriptions as follows:

Globe-Democrat, \$4.75
Toledo Blade, 4.75
San Francisco Call, 5.00
Courier-Journal, 5.00
National Tribune, 5.00
American Farmer, 4.00
Scientific American, 6.50
Peck's Sun, 5.50
New York World and History of U. S., 1 vol 5.00
320 pages illustrated.

Globe-Democrat, 5.50
& Toledo Blade, 5.50
Western Rural American Stockman and two books, Handy Dictionary and Rural Architecture, 5.00
St. Louis Magazine, 5.00

The above list speaks for itself, but attention is called to the following special features:

The American Farmer, a standard agricultural newspaper, published at \$1.00 per year will sent with the CHAMPION free of cost, the price of the CHAMPION and the American Farmer combined being only \$4.00.

The Housekeeper, published at the same price, will be sent on the same terms, that and the CHAMPION for \$4.00.

The CHAMPION, the New York World and History of the United States, 1 vol, 320 pages for \$5.00. This is giving the Weekly New York World for one year and a standard historical work of 320 pages for the small sum of \$1.00.

The CHAMPION, the Western Rural and American Stockman and two standard books, the Handy Dictionary and Rural Architecture, with the regular subscription prices costs \$7.05 per year, are all offered for \$5.00.

NO SUCH OFFERS

As these have ever before been known in the western country. The publications need not all be sent to the same person or even to the same post office.

For example, any person subscribing for the combination of the CHAMPION, Globe-Democrat and Toledo Blade, can have each of these newspapers sent direct to any address in any part of the country.

All Combination Subscriptions Must be Paid in Advance.

THE BUYER'S GUIDE is issued Sept. and March, each year. \$2.25 per copy. 6 1/2 x 11 1/2 inches, with over 3,500 illustrations—a whole picture gallery. GIVES Wholesale Prices of everything you use, eat, drink, wear, or have fun with. These INVALUABLE BOOKS contain information gleaned from the markets of the world. We will mail a copy FREE to any address upon receipt of 10 cts. to defray expense of mailing. Let us hear from you. Respectfully,

MONTGOMERY WARD & CO.
227 & 229 Wabash Avenue, Chicago, Ill.

STOCK NOTES.

Four thousand horses die every week in London.

Los Angeles is becoming a large market for Arizona cattle.

The Arizona Legislature is paying considerable attention to stock affairs.

Colorado has passed a law making it a \$200 fine to kill a mountain sheep.

Stockmen have a large and able representation in the present legislature.

Good care is worth more than medicine to a horse and it is much cheaper.

Armour and Co., of Chicago, canned 40,000,000 pounds of meat last year.

Representative Baker, of Yuma, is chairman of the legislature stock committee.

In a few weeks a large cattle slaughtering business will be commenced in Flagstaff.

Four hundred beef steers were shipped from Chino Valley to California last week.

A. W. Kelsey, of Sacramento, has invested \$10,000 in a range in northern Yavapai.

A donkey recently died in Scotland that had been owned by one family for 108 years.

Cattle and sheep are in splendid condition throughout the northern part of Yavapai.

It cost Massachusetts \$370,000 and took four years to stamp out pleuro-pneumonia in that state.

In twenty years Chicago has received 90,983,543 hogs, representing a value of over one billion of dollars.

Major Warren's suggestion to start a slaughtering establishment in Flagstaff, has been found worth consideration.

In three months ending September 30, 1886, 180,728 head of cattle crossed the Arkansas River at Trail City, Colo.

"New Zealander" in the Kansas City Live Stock Indicator says that in the Australian colonies grass-fed steers are selling today at \$35 to \$38 per head.

A cow taken from England to Cape Colony, South Africa, in 1857, spread pleuro-pneumonia all over that continent, causing a loss of 90 per cent among the native stock.

That the cattle trade, unsatisfactory as it is, is to better shape than a few weeks ago, is evidenced by the fact that an occasional good lot is sold at \$5.50 and thereabouts at Chicago.—Cheyenne Live Stock Journal.

Any resident of Nevada who is fortunate enough to be the owner of three cows, two calves and a bob tailed bull is set down in the newspapers as a "cattle king"—Elko (Nev.) Independent.

A Frenchman states that the American breeders are changing the character of the Percheron horse by seeking to increase its size and paying no attention to other qualities. He is reported as saying that the original Percheron horse weighed on 1300 or 1400 pounds.

The St. Louis Cattle Growers' Stock Yard Company, formed for the purpose of constructing stock yards west of the city between the "Frisco and Missouri Pacific, have called a meeting of stockholders for March 12, to vote on the propositions to increase the capital stock from \$500,000 to \$1,000,000, and to issue bonds to the amount of \$500,000. The shares are to be 10,000 in number, at \$100 each.

D. R. Fant, it is said, will drive north from his Texas ranges the coming season, from 8,000 to 10,000 one and two year-olds. Fate has tumbled the trail man about in a lively manner the past year or two, and when such old timers as Meyer Half knock under to the inevitable and conclude that railroads are good enough for him, the hand of destiny should be recognized by others, and the trail allowed to go into history as a thing of the past.—Stock Grower.

The people of Los Angeles are the most persistent and enterprising on earth. There has been, but little rainfall in that section the past season, and now it is proposed to dynamite Pluvius in order to make him perform his duty.

Balloons laden with dynamite will be sent up into the clouds, and when the proper elevation is reached, electricity will be utilized to fire the charge.—Sagebrush Stockman.

The gentlemen connected with the new cattle yards say they have no fear that when the yards are completed there will be nothing but a local demand for the live stock which will be brought to this point. Already a movement is on foot to establish large slaughter houses and a huge factory, and, probably, extensive canning works will also be built. It is understood that the Atchison, Topeka and Santa Fe railroad, and the St. Louis and Colorado, are largely interested in the scheme, in connection with several New York capitalists, and, with such backing, the plan is certain to be carried out.—Globe-Democrat.

How Does Your Watch Run?

A watch impregnated with magnetism cannot "keep time." It will vary regularly, gaining and losing and stopping, in the most annoying way of way. It has been found that this magnetic or electric influence is the direct cause of the "queer freaks" and unaccountable behavior of fine watches and is the secret enemy which has undermined the reputation and baffled the skill of our best watchmakers.

Giles Bro. & Co. have published a very interesting little pamphlet describing the effect of magnetism in watches, which can be had free on application. It also describes the "Anti-Magnetic" Shield for "Watches," which has been proved to be a perfect protection against the magnetic and electric influences and is special advantageous in Railway service where these influences are very strong, and will prevent the breakage of mainsprings in cyclones and magnetic storms. Your jeweler can furnish or procure you this protection, if not, send to Giles Bro. & Co., the Chicago Jewelers, for a descriptive circular, which will be mailed free on application.
